Form 990 - Organization's Mission or Most Significant Activities

The mission of the Coastal Conservation League is to protect the threatened resources of the South Carolina coastal plain - its natural landscapes, abundant wildlife, clean water, and quality of life - by working with citizens and government on proactive, comprehensive solutions to environmental challenges.

Form 990 - Organization's Mission

The mission of the Coastal Conservation League is to protect the threatened resources of the South Carolina coastal plain - its natural landscapes, abundant wildlife, clean water, and quality of life - by working with citizens and government on proactive, comprehensive solutions to environmental challenges.

Form 990, Part III, Line 4a - First Accomplishment

Since 1989, the Coastal Conservation League has been protecting the South Carolina coastal plain-its natural landscapes, abundant wildlife, clean water, and quality of life-by working with citizens and government on comprehensive solutions to environmental challenges. With offices in Beaufort, Georgetown, Columbia and Charleston, our staff works through four program areas: land, water & wildlife; communities & transportation; energy & climate; and food & agriculture-including GrowFood Carolina, our local food hub project.

Our local food hub project, GrowFood Carolina, is the state's first local food hub. GrowFood Carolina creates economic opportunities for local farmers by providing services and infrastructure that enable them to access wholesale markets. This work helps to conserve South Carolina's productive agricultural landscapes and provide a sustainable local food system for our communities. Since opening in 2011, GrowFood has sold over \$6.8 million of local products, facilitating \$5.5 million of revenue back to South Carolina's small and mid-sized farmers over the last seven years. Today, we partner with more than 85 growers producing on more than 2,500 acres throughout South Carolina. GrowFood Carolina markets more than 300 items including fresh fruits, vegetables, nuts, grains, dairy, honey, eggs & salt to major retail chains, more than 200 restaurants, and a growing number of institutions and corporate campuses.

Form 990, Part III, Line 4b - Second Accomplishment

Energy and Climate

We furthered progressive energy policies related to renewable energy, energy efficiency, and climate change; moving the state closer to a clean energy future. In 2018, solar markets continued to grow under Act 236 (2014 legislation that opened the way for more renewable energy production), which we played an integral role in securing.

The Conservation League used the colossal public oversight failure of the \$9 billion V.C. Summer nuclear project abandonment to expose and address flawed energy regulations, such as: underinvestment in proven energy efficiency measures; lack of rigorous energy planning practices that include public input; and reluctance to remove barriers to growth of

renewable energy markets and capacity planning. The Conservation League testified at public hearings, participated in regulatory proceedings, authored newspaper editorials, and earned media coverage by highlighting the roles that clean energy, energy efficiency, market competition, and best practice planning should play in moving our state forward in the wake of the failure.

Additionally, the Conservation League emerged as a leader in the state's fight to protect the South Carolina coast from offshore oil and gas drilling and seismic testing. We rallied hundreds of coastal residents to participate in the permitting process against offshore drilling and filed litigation in federal court to protect our coast from seismic testing.

Form 990, Part III, Line 4c - Third Accomplishment

Communities and Transportation

The Conservation League spearheaded and led a coalition to support stronger floodplain development standards and prevent development in vulnerable places. We led efforts in community planning in urban municipalities, such as West Ashley and Lady's Island, and staved off suburban sprawl by challenging major highway projects that further automobile-dependent sprawl. Our advocacy efforts gave structure and voice to communities fighting to stop development on historic lands in Berkeley County and the Ashley River Historic Corridor.

We supported comprehensive planning efforts in Georgetown and Horry Counties, as well as land protection initiatives that protected the Waccamaw National Wildlife Refuge. Alongside the community, we fought a

limestone mine in rural Williamsburg County as well as I-73, which threatens quality of life and transportation dollars otherwise available for regional needs.

We supported bond referendum campaigns for land protection and transportation investments, most recently in Beaufort County.

Form 990, Part III, Line 4d - All Other Accomplishments

Land, Water and Wildlife

As part of our work to conserve threatened bird habitat, we led the effort to expand and protect the Crab Bank Seabird Sanctuary, located near Shem Creek in Charleston Harbor. This small spit has provided important habitat for thousands of nesting birds for decades. Increasingly, severe weather events and boat activities have caused it to rapidly erode. In the early 2000s, Crab Bank was approximately 23 acres. Today, it is about half an acre. To address the problem, the Conservation League worked with a coalition of partners to advocate for the use of the dredge material from the SC Ports Authority Charleston Harbor deepening project to reestablish Crab Bank to 80 acres, with 28 acres being suitable nesting habitat for seabirds and shorebirds.

In an ongoing effort to protect coastal waterways and marine life from plastic pollution, the Conservation League worked with conservation partners to pass local bag bans in Mount Pleasant, the City of Charleston, Beaufort County and 13 municipalities across the coast. We also led an effort to stop a bill in the state legislature that would have prohibited local municipalities from banning bags.
